

## 3M™ Dynatel™ Qualification Test Set 950ADSL

The 3M™ Dynatel™ Qualification Test Set 950ADSL provides a low cost solution for POTS testing and verification of ADSL modem connectivity at customer locations.

The test set is housed in a light-weight, hand-held case designed for ease-of-handling and portability. Each unit weighs less than 2.5 pounds with the rechargeable battery pack included.

The Dynatel brand and its distinctive Dynatel yellow color are your assurances of rugged reliability.

**MMM950ADSL \$1600.00**

While quantities last.
