Thermography Made Affordable!

The Fluke New P3 Thermal Imaging Cameras Lunch and Learn

Fluke has now made Thermal Imaging Cameras so affordable that you just can't ignore them anymore! With the launch of the P3 Series cameras, everyone can take advantage of this amazing technology.

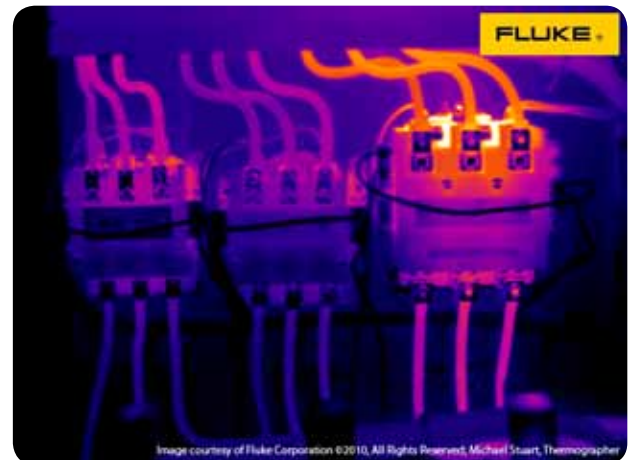

Built to Fluke's high standard of quality and ruggedness along with the best range and Industry leading thermal sensitivity coupled with true "IR-Fusion" technology, Fluke should be your first choice.

Come find out why Fluke should be your first choice and have lunch - on us!

What you will learn:

- Thermography Basics 101
- Fluke P3 Thermal Imagers

FLUKE.

Who Should Attend: Electricians, Property Managers, Maintenance Managers, Home and Building Inspectors, Energy Auditors, Restoration Contractors, Plant Operation and Maintenance, Mechanical HVAC, Consulting Engineers.

Date: October - November

Time: 12:00 PM - 1:00 PM - Lunch is included!
