## DD175C 175W MV DUSK TO DAWN FIXTURE

- Units are designed in Distributor (DDS) or Utility (DDR) versions.
- Kits include arm, lamp, 120V photocontrol and mounting hardware.
- DDS units are UL approved, have optics held on by screws and 24" curved aluminum arm and five foot per-wired leads. DDR kits have latch-on optics, terminal block wiring and 30" curved aluminum arm.
- NPU-BI Skycap reflectors are offered for field conversion DDR/latch-on optics to full cutoff performance. Fits all NEMA compliant units.

**Only \$50.<sup>00</sup>**
