Need a tape strong enough for Canada's cold winters?

We have a solution for that.

Scotch® Professional Grade Heavy Duty
Vinyl Electrical Tape Super 88

Features and benefits:

- Excellent cold weather performance
- Temperature range: -18°C to 105°C (0°F to 221°F)
- Excellent resistance to abrasion, moisture, alkalis, acids, corrosion and varying weather conditions
- Compatible with solid dielectric cable insulations, and rubber and synthetic splicing compounds
- Inhibits corrosion of electrical conductors
