

NEW PRODUCT ANNOUNCEMENT

USB Charging Station for Smartphones

Charge, Sync and Secure up to 32 Smartphones in a USB Charging Station

Model: CSD32USB

Tripp Lite's smartphone charging station provides a secure, central location for high-speed charging and syncing of up to 32 small USB devices in corporate, industrial, commercial, healthcare, education and retail environments. Designed to accommodate most smartphones with cases, the CSD32USB has a dedicated slot and USB port for every device, making connections easy.

High-Speed Charging

- 32 USB ports provide up to 2.4A per port to keep smartphones ready for use.
- During wired syncing, ports provide up to 1.5A per port.

Convenient Syncing

- A USB uplink port connects to a host computer for updating software, backing up data and returning devices to standard configurations without taxing busy Wi-Fi networks.
- Mini-USB firmware upgrade ports enable software upgrades to support new devices.
- Cabinet is compatible with wireless syncing.

Comprehensive Protection

- Steel cabinet locks with included keys to discourage unauthorized access.
- Optional hasp allows doors to be padlocked for additional security.
- Flow-through ventilation helps prevent overheating; mounting points support addition of cooling fans (sold separately).
- Protective shelf finish helps prevent device scratches.

Flexible Mounting Options

- Slots on the rear panel support wall mounting.
- Slots on the bottom panel offer a way to secure the cabinet to a desk, table, counter or floor.

Shelves have removable dividers and numbered slots to keep devices organized.

Rear mounting slots support wall mounting to save space.

SPECIFICATIONS

Model: CSD32USB
